

CMB 3.7V LiPo Battery Packs Model Sheets

CMB has been the one-top lithium polymer manufacturer over 15 years. Our lipo batteries are widely used for consumer electronics , IoT ,medical devices ,wearable devices and AI devices. Our custom lipo batteries can be certified with IEC62133,UN38.3,CE and Rohs certificates. When your lipo battery packs are the standard models,small MOQ can be offered. If your needs belongs to special custom lipo battery models,we have the MOQ limitation. More details, please email us by sales@cmbatteries.com.

| Model | Voltage | Nominal Capacity | Dimension(Thickness*Width*Height) | Remark |
|--------------|---------|------------------|-----------------------------------|-------------------|
| CMB-450825 | 3.7V | 65mAh | 4.5*8.0*25.0 (mm) | |
| CMB-400828 | 3.7V | 60mAh | 4.0*8.0*29.7 (mm) | |
